Slide 1

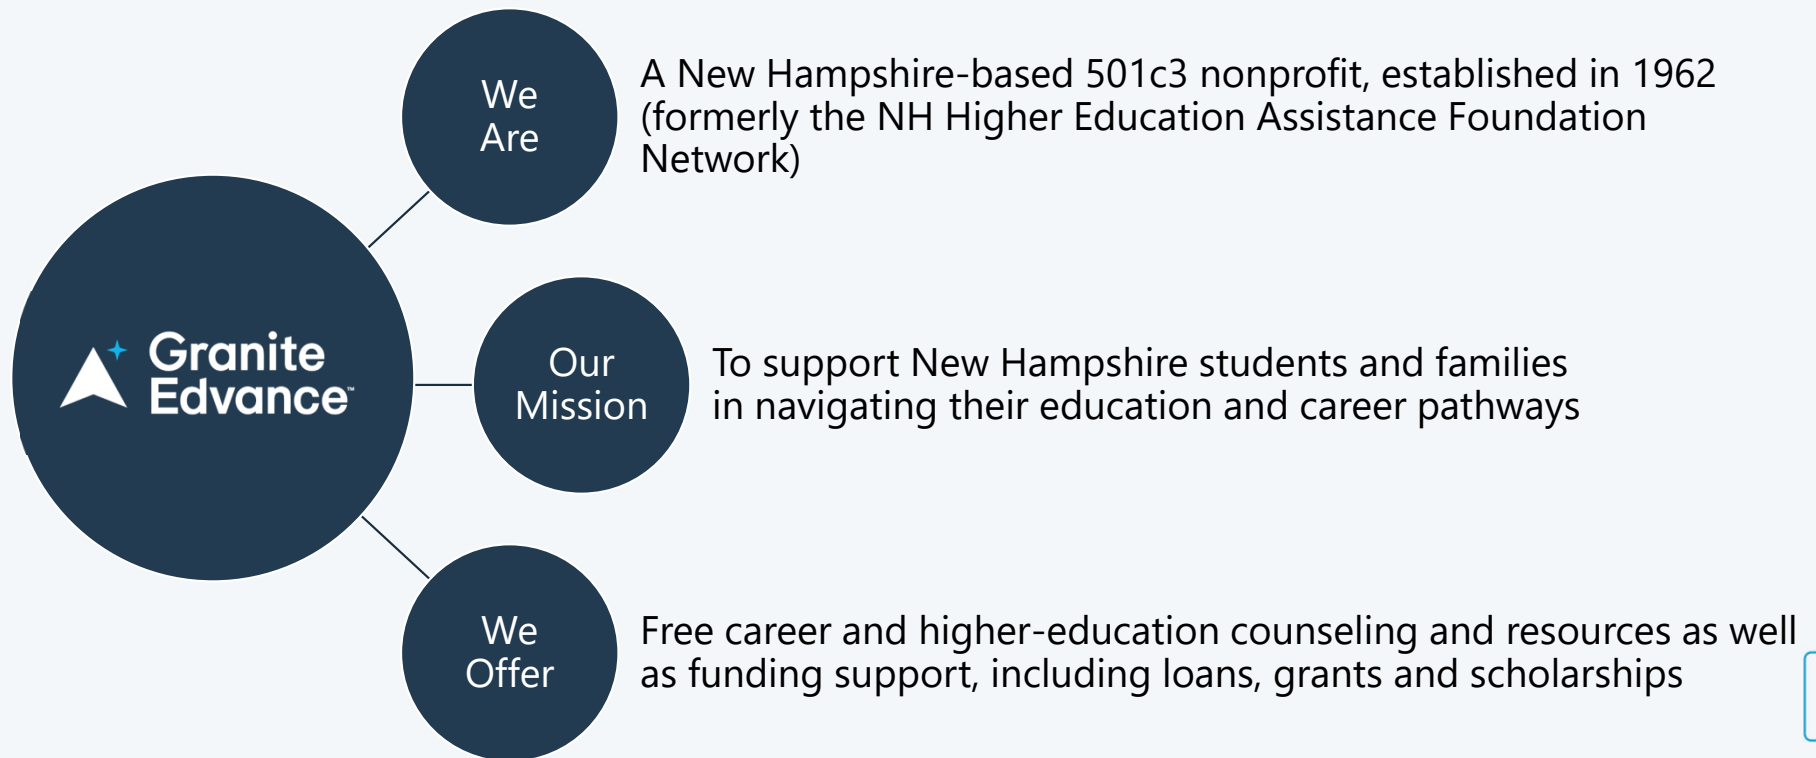

WTO I think we should include a date on the first slide to establish when this information was drafted. We may want a small disclosure on the final slide to indicate the information is subject to change and is accurate based on the date it was given....I am asking Blessing to send some language that has been previously used to that effect.

WTO I know these are just notes but should this be "They are experts in college access, financial aid, and career exploration" or "The counselors are experts in college access, financial aid, and career exploration"?

WT1

Slide 5

WT0 Is the person named in this screenshot an actual person that we are aware of or is this a sample image? We just wouldn't want to name an actual individual.

William Tanguay, 2024-09-04T15:57:09.164

SM0 0 It's a sample! Taken from the YouScience sample materials

Shelby Miuzzo, 2024-09-06T16:02:07.415

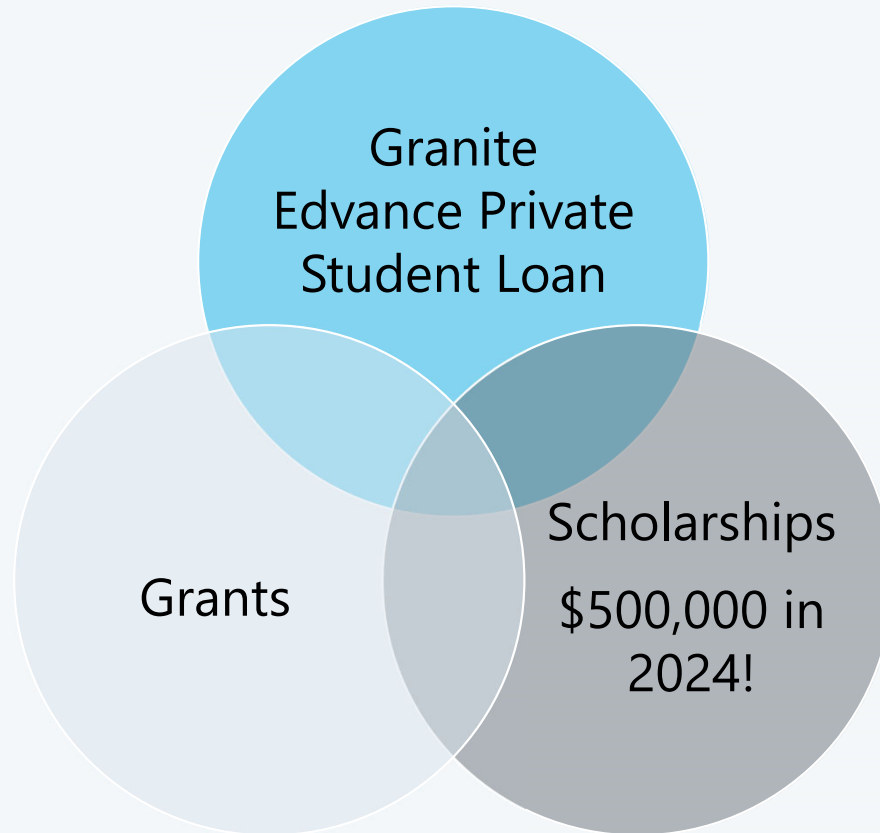

WT1 Since there is no text here in the notes to give context, I want to add a comment to state that we should be clear that youscience is a third party platform or product etc... and not our product. I assume this is an opportunity to explain the availability of this resource.

William Tanguay, 2024-09-04T16:02:05.857

SM1 0 Yes exactly! I'll add that to the notes just for internal clarity

Fund Your Future

Granite Edvance & EdvestinU Student Loans may be made by Granite Edvance or Bank of Lake Mills, member FDIC.

WTO As there are no notes here for speaking points, I would assume and want to ensure that we are not providing any loan specifics as this may create the need to provide disclosures. General information about the loan types (undergrad, refi etc) are fine as well as things like competitive rates and multiple repayment options.

William Tanguay, 2024-09-04T16:13:17.277

SMO 0 Absolutely, this is just general information, but thank you for that reminder!
